“McKinsey”).² I am duly authorized to make this supplemental declaration (this “Third Supplemental Declaration”), which is being submitted to supplement my initial declaration filed on January 6, 2021 [Docket No. 1588-2] (the “Initial Declaration”),³ my supplemental declaration filed on March 11, 2021 [Docket No. 1979] (the “First Supplemental Declaration”), my supplemental declaration filed on June 30, 2022 [Docket No. 5853] (the “Second Supplemental Declaration” and, together with the Initial Declaration and the First Supplemental Declaration, the “Prior Declarations”) on behalf of the Proposed Professionals (as defined below)⁴ in support of the Debtors’ *Application for an Order Pursuant to 11 U.S.C. §§ 363(b) and 105(a) for Authority to Perform and Make Payments Under Two Ordinary Course Consulting Contracts with McKinsey & Company Chile Ltda.* [Docket No. 1588] (as supplemented, the “Application”).

3. In addition, on September 16, 2022, the Debtors filed a second supplemental application for

4. Except as otherwise noted, the statements set forth herein are based on knowledge I have from my employment position and diligence undertaken by me or professionals working with me and, if called and sworn as a witness, I would testify competently thereto.

Disclosure Regarding Connections of McKinsey

Client Connections

5. As described in more detail in the Initial Declaration, the Proposed Professionals⁵ undertook a comprehensive process to determine whether they had any connections or other relationships that might cause them to hold or represent an interest adverse to the Debtors. Specifically, the Proposed Professionals obtained from the Debtors or their representatives the names of individuals and entities that may be parties in interest in the Debtors' chapter 11 cases (as updated from time to time, the "Potential Parties in Interest"), and such parties were listed on Schedule 1 to the Initial Declaration. This process was repeated in connection with the Second Supplemental Declaration, and the then-current Potential Parties in Interest list was attached as Schedule 1 to my Second Supplemental Declaration as filed with the Court on June 30, 2022 [Docket No. 5853].

6. Subsequent to the preparation of the Second Supplemental Declaration, the Debtors and/or their representatives provided the Proposed Professionals with an updated list of Potential Parties in Interest (the "Consolidated Interested Parties List"), which is attached hereto

⁵ The Proposed Professionals are McKinsey Chile, McKinsey US, McKinsey UK, McKinsey Prague, McKinsey Africa, McKinsey Brazil, McKinsey Switzerland, McKinsey Argentina, McKinsey Luxembourg, McKinsey India and McKinsey Italy.

as **Schedule 1**. The Working Group⁶ used the same process described in the Initial Declaration and Second Supplemental Declaration to expand the new parties listed on the Consolidated Interested Parties List to include all corporate affiliates⁷ that shared a common parent with each new corporate party listed on the Consolidated Interested Parties List (the “Further Supplemental Interested Parties”). The Further Supplemental Interested Parties were then added to the Updated Expanded IPL to create the “Further Updated Expanded IPL.”⁸ In sum, the Further Updated Expanded IPL included 49,128 new unique parties (i.e., the Further Supplemental Interested Parties and their affiliates).⁹

7. The Working Group also used the same process described in the Initial Declaration and Second Supplemental Declaration to compile an updated Client List, using a “Further Updated Look-Back Period” starting on May 26, 2017 and ending on August 31, 2022 (the “Further Updated Client List”).

⁶ The Working Group that assisted with preparing the disclosures contained in this Third Supplemental Declaration consisted of a core team of myself, Igor Budnyk, Holly Cai, Anubhav Jha and Brandon Suber.

⁷ As noted in the Initial Declaration, affiliate relationships were deemed to exist where a parent company owned 20% or more of the equity of a subsidiary, analogous to the definition of a debtor affiliate in section 101(2) of the Bankruptcy Code. The Bankruptcy Code states that the term “affiliate” means “(A) entity that directly or indirectly owns, controls, or holds with power to vote, 20 percent or more of the outstanding voting securities of the debtor, other than an entity that holds such securities— (i) in a fiduciary or agency capacity without sole discretionary power to vote such securities; or (ii) solely to secure a debt, if such entity has not in fact exercised such power to vote; (B) corporation 20 percent or more of whose outstanding voting securities are directly or indirectly owned, controlled, or held with power to vote, by the debtor, or by an entity that directly or indirectly owns, controls, or holds with power to vote, 20 percent or more of the outstanding voting securities of the debtor, other than an entity that holds such securities—(i) in a fiduciary or agency capacity without sole discretionary power to vote such securities; or (ii) solely to secure a debt, if such entity has not in fact exercised such power to vote” 11 U.S.C. § 101(2).

Where Capital IQ’s data indicated a corporate parent or subsidiary relationship existed but did not provide information sufficient to determine whether the applicable parent company owned 20% or more of the equity of a subsidiary, the entity was assumed to be above the ownership threshold and was included as an affiliate on the Further Updated Expanded IPL out of an abundance of caution.

⁸ Because of the voluminous nature of the Further Updated Expanded IPL, it is not attached to this Third Supplemental Declaration. Copies are available upon request to the Proposed Professionals’ counsel.

⁹ As described in the Initial Declaration, the Protocol does not require such an expansion of the Updated Interested Parties List. The Proposed Professionals undertook this analysis out of an abundance of caution, in part to account for the lack of a computerized conflict-checking database.

8. The Working Group then used the same process described in the Initial Declaration and Second Supplemental Declaration to check the names on the Further Updated Client List against the Further Updated Expanded IPL, and the scope of the check was intentionally broad and inclusive. This search captured not only connections to the Further Supplemental Interested Parties, but also any new connections to the original Expanded IPL and Updated Expanded IPL since the filing of the Prior Declarations. The resulting matches, other than the Debtors, not previously included in the Prior Declarations are set forth on **Schedule 2** hereto. Based upon the results of the questionnaire process described in the Prior Declarations and herein, to the best of my knowledge, subject to the disclosures set forth herein, (i) none of these client connections constitute interests adverse to the Debtors, and (ii) all of these client connections involved consulting matters unrelated to the Debtors.

Vendor Connections and Banking Connections

9. The Working Group also compared McKinsey's records of ordinary-course vendor and banking connections during the Further Updated Look-Back Period against the Further Updated Expanded IPL, and the resulting matches not previously included in the Prior Declarations are set forth on **Schedule 2** hereto. To the best of my knowledge, as ordinary-course vendor and banking connections and relationships, none of these connections constitute interests adverse to the Debtors.

Questionnaires

10. In addition, the Working Group sent supplemental surveys relating to the parties added to the Consolidated Interested Parties List and the Further Updated Expanded IPL and connections thereto, to supplement the results of the surveys described in paragraphs 17-20 of the Initial Declaration, paragraph 5 of the First Supplemental Declaration, and paragraph 9 of the

Second Supplemental Declaration. The results of these supplemental surveys, to the extent not previously disclosed in the Prior Declarations, are reflected in the disclosures set forth herein.

Engagement Team

11. The Working Group also used the same process described in the Initial Declaration and Second Supplemental Declaration to determine whether any McKinsey employees had been added to the Engagement Team since the preparation of my Second Supplemental Declaration and to further determine whether any such additional employees resulted in any new Retained Affiliates. Any additional Engagement Team members identified were employees of one of the Proposed Professionals previously identified in my Prior Declarations. Such additional Engagement Team members were included in the connection checking process described herein.

MIO Disclosures

12. In addition, consistent with the Protocol, counsel for the Proposed Professionals sent the Further Updated Expanded IPL to counsel for MIO to facilitate MIO's search for new connections to Interested Parties listed on the Consolidated Interested Parties List. MIO then compared the Further Updated Expanded IPL to a list, compiled to the best of its knowledge, of its third-party investment managers, direct investments, financial counterparties and service providers (such as vendors) for the Further Updated Look-Back Period. Counsel for MIO then delivered the results of this comparison to counsel for the Proposed Professionals, and the resulting matches not previously included in the Prior Declarations are set forth on **Schedule 3** hereto. Based on the results provided by MIO, to the best of my knowledge, none of these connections result in any Proposed Professional holding or representing an interest adverse to the Debtors.

13. MIO's current board of directors is comprised entirely of retired McKinsey partners and independent members who are not current or former McKinsey partners.¹⁰ To the best of my knowledge, based on the results of the surveys, no member of the Engagement Team served on the MIO board of directors, or worked with any members of that board in their capacities as board members, during the Further Updated Look-Back Period.

Other Disclosures

14. Other than the Debtors and as otherwise disclosed below, no client listed on **Schedule 2** hereto accounted for more than 1.00% of the gross revenue of McKinsey or any of the Proposed Professionals during the period from September 1, 2021 through August 31, 2022 (the "Further Updated Revenue Period").¹¹

26. As described in more detail in the Initial Declaration, McKinsey’s consulting affiliates provide services to an array of clients in restructuring and turnaround engagements. They also serve clients across a broad range of industries, functions and geographies, and, within industries, serve competitors, in each case in a manner and through use of means, including information barriers between client service teams (as described in the Initial Declaration), that protect the confidentiality of each client’s information (including the confidentiality of the engagement itself, unless otherwise public). As a result, McKinsey may have served or have been served by, and may in the future serve or may be served by, certain parties listed on the Consolidated Interested Parties List in matters unrelated to the Debtors either individually or as part of an engagement for an ad hoc group or official committee of creditors or interest holders. To the best of my knowledge, (i) all such connections during the Further Updated Look-Back Period are set forth in the Prior Declarations, described herein or listed on **Schedule 2** hereto, and (ii) based on the review process conducted to date, except as otherwise disclosed in the Prior Declarations or herein, (a) none of these connections constitute interests adverse to the Debtors and (b) all of these connections involved consulting matters unrelated to the Debtors.

27. As described in more detail in the Initial Declaration, from time to time McKinsey provides overall strategic analysis and advice to companies that operate in the airline industry in which the Debtors operate, which analysis and advice could include review of and comment on strategic considerations with respect to the Debtors, among others, based on publicly available

information. To the best of my knowledge, (i) all such connections with Interested Parties during the Further Updated Look-Back Period are set forth in the Prior Declarations, described herein or listed on **Schedule 2** hereto, and (ii) based on the review process conducted, as described in more detail in the Prior Declarations, except as otherwise set forth in the Prior Declarations and herein, (a) none of these connections constitute interests adverse to the Debtors and (b) all of these connections involved consulting matters unrelated to the Debtors.

28. As described in more detail in the Initial Declaration, as part of its practice, McKinsey provides support to clients on purchasing and supply management relating to direct and indirect materials and services, including in the airline industry and travel sector. Generally, the services consist of fact-based analysis to understand the client's costs and who other potential vendors are, support in developing requests for proposals, and analysis of and advice relating to the responses from vendors. McKinsey generally does not directly contact or negotiate with vendors for its clients. For instance, among other representations, certain McKinsey professionals have provided services to Pratt & Whitney regarding various outstanding contracts, and Pratt & Whitney is a contract counterparty with LATAM. To the best of my knowledge, because of their generalized nature and based on the results of the surveys, except as otherwise set forth in the Prior Declarations and herein, (i) none of these connections constitute interests adverse to the Debtors, and (ii) all such McKinsey client connections with any Interested Party during the Further Updated Look-Back Period are set forth in the Prior Declarations, described herein or listed on **Schedule 2** hereto.

29. As described in more detail in the Initial Declaration, McKinsey & Co. owns a Program Management Tool used by McKinsey clients, including the Debtors. During the Further Updated Look-Back Period, no member of the Engagement Team served on the Program

Management Tool Team and, as such, no member of the Engagement Team had access to Program Management Confidential Information during that time.

30. As described in more detail in the Initial Declaration, certain McKinsey consulting affiliates, from time to time, have received non-cash compensation (such as equity securities or equity-like interests in a client) pursuant to alternative fee arrangements or other similar engagements. To the best of my knowledge, McKinsey has no such connection with the Debtors or any other entity on the Consolidated Interested Parties List, but nonetheless note that McKinsey may have such connections with the following entities on the Further Updated Expanded IPL (or entities affiliated with such entities on the Further Updated Expanded IPL, as indicated below): AMG Comercial Ltda., Evelo Biosciences, Inc., General Fusion Inc., Catterton Management Company, L.L.C., National Resilience, Inc. and Volta Trucks AB.¹²

31. As disclosed in the Prior Declarations, certain McKinsey employees, including members of the Engagement Team, may have been formerly employed by or otherwise affiliated with, the Debtors, Interested Parties or parties on the Further Updated Expanded IPL, or other financial or professional services firms that may have served the Interested Parties or parties on the Further Updated Expanded IPL. I note that, in addition to the McKinsey professionals listed in the Prior Declarations, Alejandra Álvarez, Ana Blain Campos, Pámela Olivas Daneri, María Michelin Salomon Gossweiler, Camilo Guida, Juan Elorrieta Maira, Angel Nuñez and Natalia Quigua previously worked for LATAM (or its affiliates or predecessors). Such employees are not on the Engagement Team.

¹² McKinsey's connection is to Volta Trucks which may be affiliated with Volta Trucks AB.

32. In the ordinary course of providing services to LATAM, members of the Engagement Team have developed social and professional connections and relationships with current and former employees of LATAM.

33. Similarly, former McKinsey employees may have been or may be currently employed by, or otherwise affiliated with, parties that may be among the Debtors, the Interested Parties or other financial or professional services firms that serve or served such parties. McKinsey has inquired of the Debtors and has been informed that the Debtors have done a review and can confirm that, to the best of their knowledge, no executive level employee has been employed by McKinsey in the past 3 years.

34. As disclosed in my Prior Declarations, certain professionals employed by McKinsey (or their immediate family members) may have certain refunds, credits or miles issued by the Debtors that were acquired in the ordinary course. Relatedly, certain professionals employed by McKinsey may have ongoing disputes, disagreements or litigation with LATAM relating to such refunds or credits. The results of the surveys established that no such professional holds an interest adverse to the Debtors.

35. Based on the results of the surveys, in addition to the McKinsey professionals listed in the Prior Declarations, four professionals employed by McKinsey do or did hold interests in securities issued by the Debtors while McKinsey has been engaged to do work for the Debtors (including prepetition). None of them is on the Engagement Team,¹³ and therefore all of them are subject to the information barriers and other protections safeguarding McKinsey's non-public information about the Debtors. Pursuant to McKinsey's personal trading policy (the

¹³ Out of an abundance of caution I note that one of these professionals that held interests in securities issued by the Debtors prior to his employment by McKinsey provided services to LATAM in 2017 (several years prior to LATAM's bankruptcy), but is not part of the Engagement Team and had sold the securities prior to joining McKinsey and serving LATAM.

“Personal Trading Policy”), employees have been, absent an approved exception, strictly prohibited from buying or selling single-name publicly traded securities of any McKinsey client. Employees are permitted to own single-name publicly traded securities of a McKinsey client if the securities were acquired prior to the employee joining McKinsey or prior to the period during which the issuer was a McKinsey client. The Personal Trading Policy is distributed annually for employees’ review and certification of compliance, and new employees are asked to review and certify their compliance within a month of their start date. The results of the surveys, and subsequent follow up, accordingly established that no such professional holds a material interest adverse to the Debtors.¹⁴

36. In addition, effective as of August 1, 2022, a revised Personal Trading Policy prohibits all McKinsey employees from purchasing the single-name publicly traded securities of any company, including clients.

37. As disclosed in the Prior Declarations, in the ordinary course of business, McKinsey is at times engaged to serve as a subcontractor, or engages another service provider as a subcontractor, on a larger service contract for a client. For completeness, (i) the ultimate end clients for services during the Further Updated Look-Back Period are set forth in the Prior Declarations or on Schedule 2 hereto and (ii) the entities with which McKinsey had subcontracting connections during the Further Updated Look-Back Period that are on the Further Updated Expanded IPL and were not previously included in the Prior Declarations are identified here: Steel Point and United Healthcare Services, Inc.

¹⁴ Consistent with Protocol Exhibit B, the surveys did not seek responses regarding ownership or beneficial interests in such securities constituting investments (including through mutual funds and other investment vehicles) that are managed by third parties with delegated investment authority and discretion.

38. McKinsey & Company, Inc. is party to a joint venture with Carl Zeiss Smart Optics Inc, which is identified on the Further Updated Expanded IPL as affiliated with Deutsche Telekom A.G., an Interested Party. The joint venture, MakerVerse GmbH, offers on-demand 3D printing for a variety of metal and polymer materials.

39. As disclosed in the Prior Declarations, I am not related or connected to and, to the best of my knowledge based on the review process conducted to date, no other professional of McKinsey is related or connected to, any United States Bankruptcy Judge for the Southern District of New York or the United States Trustee, or any employee in the Office of the United States Trustee for Region 2, except in each case as described in this paragraph. Out of an abundance of caution, and in accordance with the Protocol, based on the results of the surveys or as otherwise known to me, I note that several McKinsey personnel have met or worked with employees in the Office of the U.S. Trustee for Region 2 in the limited contexts of McKinsey's roles in other bankruptcy cases or have otherwise met or appeared before certain bankruptcy judges in the Southern District of New York in connection with such bankruptcy cases (including related mediations with such judges).

40. Out of an abundance of caution, I also note that Liz Wol, a McKinsey employee who is not part of the Engagement Team, is married to an attorney at Simpson Thacher & Bartlett LLP who is not personally involved in these Chapter 11 Cases.

41. Accordingly, except as otherwise set forth in the Prior Declarations and herein, insofar as I have been able to determine after reasonable inquiry and to the best of my knowledge, I believe that neither the Proposed Professionals, nor their affiliates, nor any member of the Engagement Team holds or represents any interest adverse to the Debtors or their estates with respect to the services being provided.

42. The Proposed Professionals will endeavor to further supplement this Third Supplemental Declaration in the event they become aware of any connection or other information that requires disclosure.

[Remainder of page left intentionally blank]

Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge.
